Release The

Modern office faces various challenges, including noise, distractions and lack of space, which negatively affects concentration, creativity and work efficiency

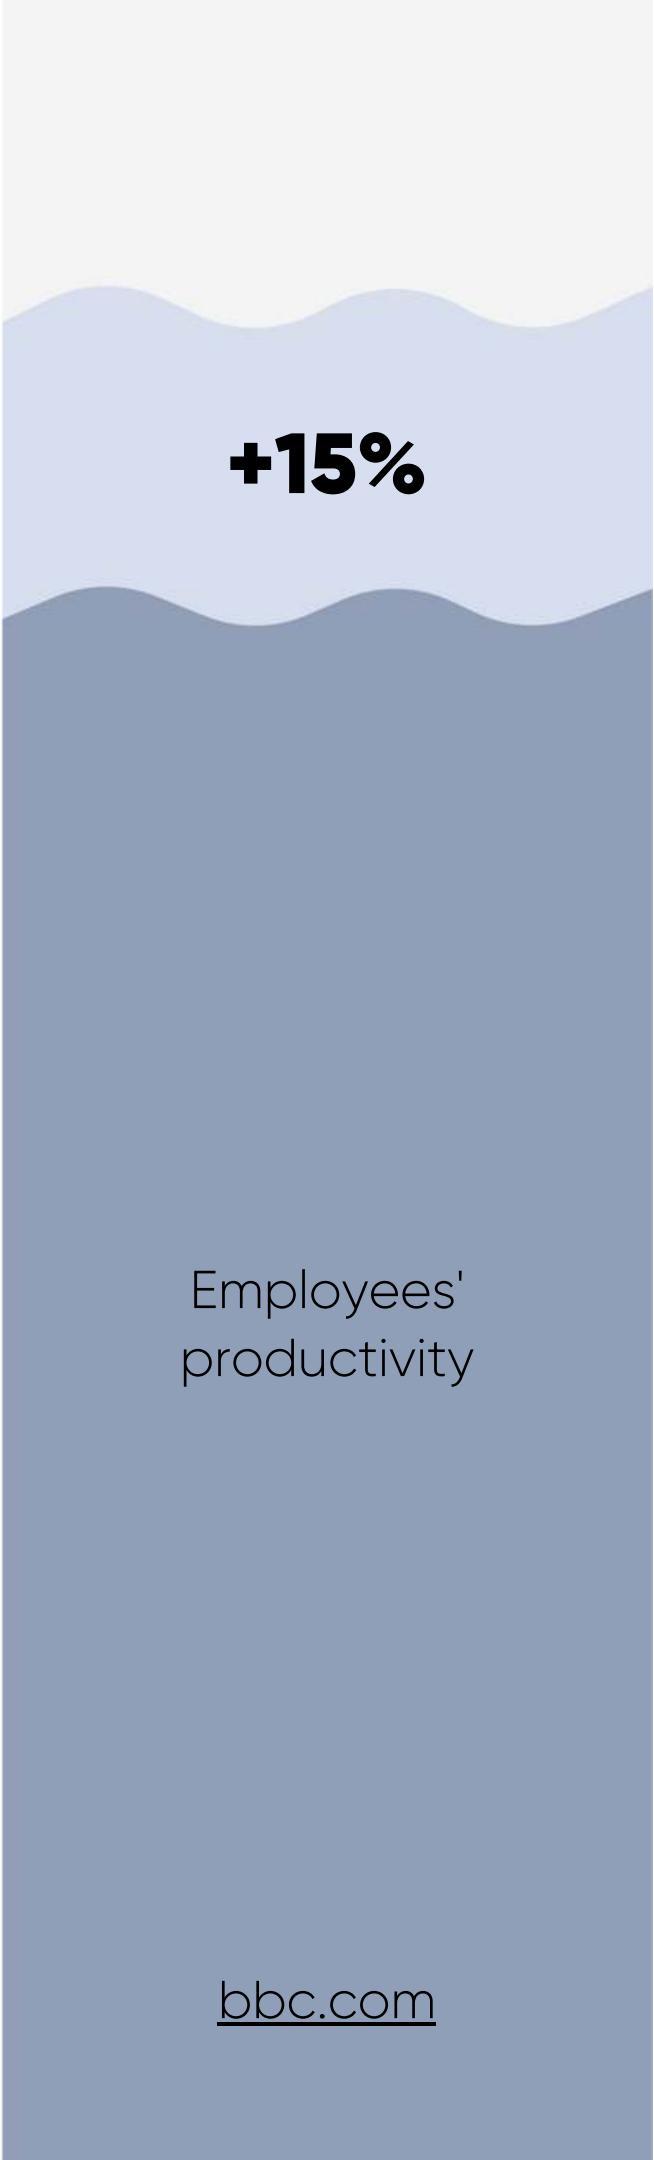

Team's Potential

WorkBooth creates quiet spaces that boost focus, creativity and collaboration, helping teams reach peak performance

Improve Employee Efficiency

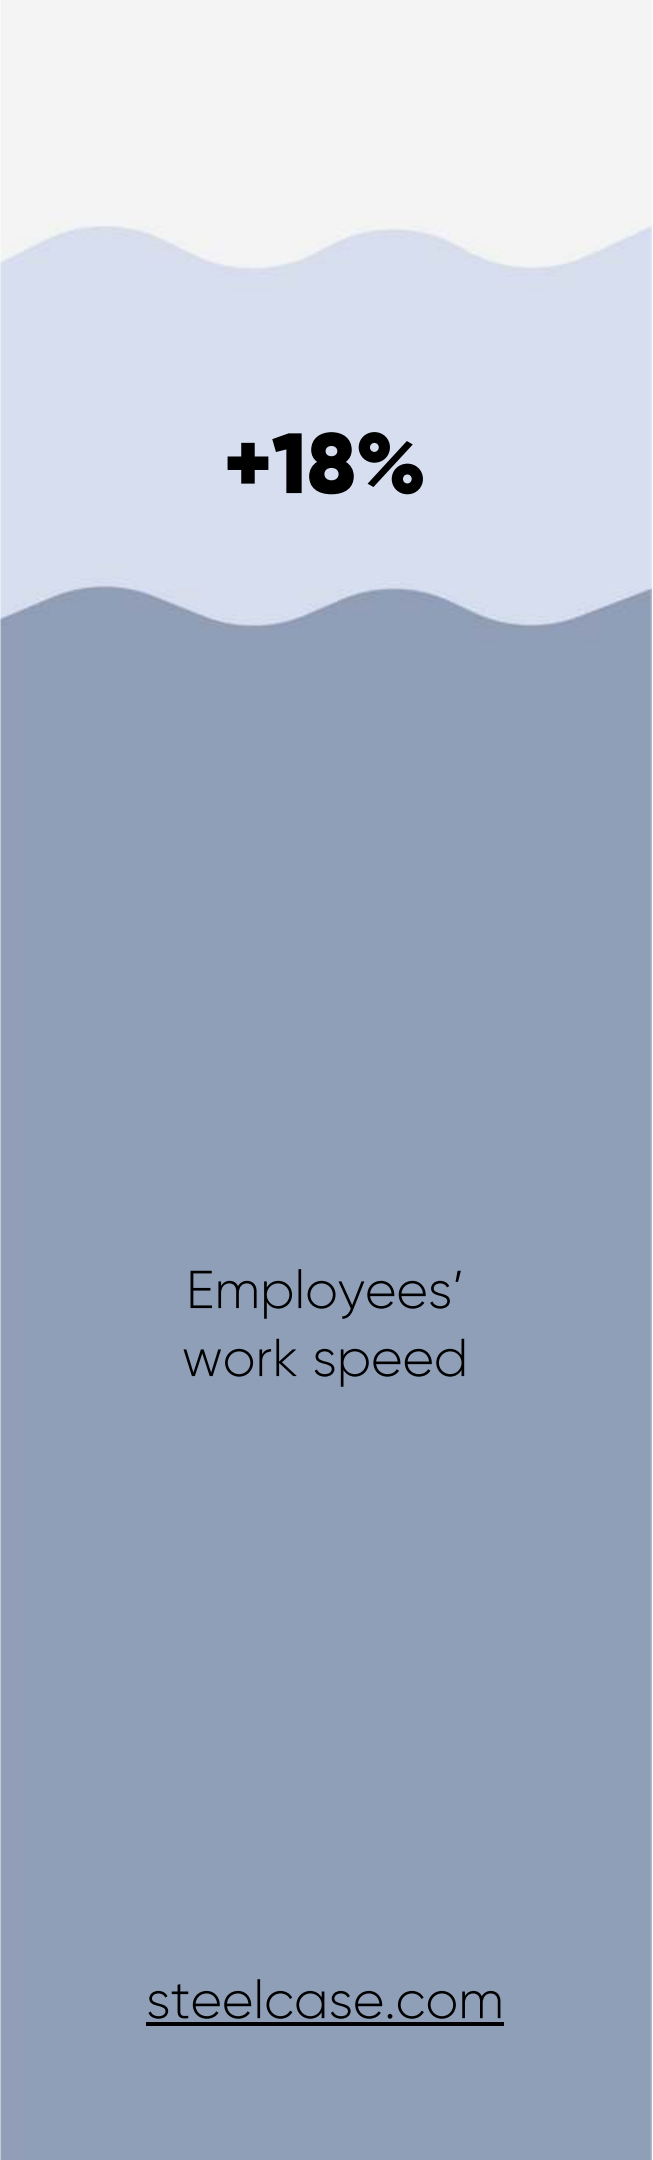

WorkBooth understands that a happy and focused employee is a productive employee. Our pods were perfected to create serene, quiet spaces where your team can truly thrive.

A vertical bar chart with a light blue base and a darker blue top section. The top section is labeled '+15%'. The base section is labeled 'Employees' productivity' and 'bbc.com' at the bottom.

Experience True Silence

Silence is vital to creation and communication in our new workplace reality. **People need uninterrupted quiet to focus and perform at their optimal level.**

30.8 dB

Noise level reduction
at the speech level

Speech range sound reduction

50 dB

19.2 dB

Breathe Fresh Air

Experience the power of fresh air for optimal performance with WorkBooth. Our products feature **top-of-the-line ventilation systems** designed by a submarine ventilation engineer.

29 seconds

Air exchange frequency

202 m³/hour

Air exchange rate

Smart ventilation circulates the air **while a person is inside**, and refreshes it **at the beginning of the day, every hour when unoccupied**, and **after each use** to prevent stagnant air

WORK IN BOOTH

You can place a jar of scent in a special compartment of the ventilation grid for added freshness

WORK IN BOOTH

Shine Bright with Studio Lighting

Create spectacular picture and enjoy flawless video calls with WorkBooth's **specialized frontal lighting mode, providing a top-notch picture**, just like LED ring lights, highlighting your best self

Before

After

We won German Design Award 2022 for Excellent Product Design

Leading designers from around the globe assessed hundreds of entries for projects which they believed made an innovative contribution to international design.

WorkBooth won because we had taken care not only of the functionality, but also about the interior of your office.

WorkBooth delivers silence and productivity globally – across Europe, Asia, the Middle East, North America, and the CIS
